SUNGROW | NEW ZEALAND | GOOGLE & AI

New Zealand asks Google which battery to buy. Sungrow is not in the answer.

Sungrow ships more inverters than any maker in the world. In New Zealand, homeowners searching for an inverter or a battery meet **Fronius, GoodWe, Tesla and Sigenergy** first, on sites Sungrow does not run.

1 listing for "Sungrow installer"

01 · THE GOOGLE FOUNDATION

On Google, New Zealand has no Sungrow front door.

Google is where AI engines read first. Today a New Zealand buyer who searches for Sungrow, its warranty or a Sungrow installer is sent to Australia, to resellers, or to a competitor.

BUYING SEARCHES

0 of 3

No Sungrow page in Google's top 10

For best inverter, best home battery, and hybrid inverter and battery. Sungrow is named in 5 of 26 results, all on reseller or review sites.

BRAND SEARCH

No NZ page

“sungrow nz” lands on the global site

Sungrow's global site and two global news posts rank. The other six are resellers and a distributor. There is no New Zealand page for Google to rank.

WARRANTY SEARCH

0 NZ pages

“sungrow warranty nz” points to Sydney

The top result is the Australia and New Zealand service site: a North Sydney office, an Australian 1800 number and a +61 line.

GOOGLE MAPS

1 listing

“Sungrow installer”, Auckland

The only listing returned is a solar retailer whose battery page features Sigenergy. The same search for Sigenergy returns the same listing.

REPUTATION

1.9 / 5

The review score Google shows

A ProductReview.com.au listing rates Sungrow 1.9 from 41 reviews, filed as a “Solar Panel Installer”. Solar Choice shows 4.75 from 269. Neither is a New Zealand source.

BUYER QUESTIONS

8

Questions Google surfaces that Sungrow does not answer

Including “Is Sungrow a Chinese company?”, which appears on three separate searches.

Google results read via two independent search connectors, location Auckland NZ, logged out, 14 October 2026. Review scores as shown in Google results on the same date.

02 · SEARCH BY SEARCH

Eight searches a New Zealand buyer makes

Where Sungrow's own pages rank, how often Sungrow is named, and who holds the top three. A Sungrow page ranks on three of the eight, and all three are Australian or global pages.

SEARCH	SUNGROW PAGE	SUNGROW NAMED IN	TOP THREE	WHAT IT MEANS
“best solar inverter nz” Buying	Not in top 10	3 of 8 results	mysolarquotes.co.nz solarscout.co.nz thinksolar.co.nz	No Sungrow page. Top guides lead with Fronius and GoodWe.
“best home battery nz” Buying	Not in top 10	0 of 9 results	solarscout.co.nz mysolarquotes.co.nz reddit.com/r/nzev	No Sungrow page and no Sungrow mention. Tesla Powerwall 3 and Sigenergy are the names.
“hybrid inverter and battery nz” Buying	Not in top 10	2 of 9 results	ideal.co.nz distributor shop page solarpartnersnz.nz	Sungrow appears only on reseller shop pages.
“sungrow nz” Brand	#1	9 of 9 results	en.sungrowpower.com (global) riseenergy.co.nz ideal.co.nz	The global site and two global news posts rank. No New Zealand page exists to send buyers to.
“sungrow warranty nz” Brand	#1	9 of 9 results	service.sungrowpower.com.au sungrowpower.com (India path) service.sungrowpower.com.au	Answers point to Sydney: an Australian 1800 number and a +61 line.
“is sungrow a good brand” Brand	Not in top 10	7 of 7 results	reddit.com/r/solar solarquotes.com.au mcelectrical.com.au	All seven results are Australian or global. None is from New Zealand or from Sungrow.

“sungrow vs sigenergy” Compare	Not in top 10	7 of 7 results	reddit.com/r/solar gienergy.com.au facebook.com groups	Comparisons are written by Australian installers and forums.
“sungrow battery price nz” Brand	#5	8 of 9 results	mysolarquotes.co.nz distributor shop page acsolarwarehouse.co.nz	A third-party NZ blog owns Sungrow's own three-phase battery story.

PEOPLE ALSO ASK, ON THESE SEARCHES

- Is Sungrow a Chinese company?
- Is Sungrow a good solar system?
- What is the lifespan of a Sungrow battery?
- How much does a Sungrow battery cost?
- Who manufactures Sungrow inverters?
- What is the best solar battery in New Zealand?
- Is a 10kW battery enough to run a house?
- How long will a 10kWh battery last?

Google results read via two independent search connectors, location Auckland NZ, logged out, 14 October 2026. “Sungrow page” means a page on a Sungrow-owned domain. A second connector agreed on “best solar inverter nz”: no Sungrow page in its top 10.

03 · WHAT AI SAYS

AI knows Sungrow. It does not put Sungrow first.

Nine buying and advice questions, three runs each. The AI engines name Sungrow in 50 of 81 answers. Fronius leads on inverters, Tesla leads on batteries, and nobody owns the battery sizing questions.

INVERTERS

BATTERIES

BATTERY SIZING

24 of 24

Named in every inverter answer, always behind Fronius

Asked for the best inverter brand, or which brands installers recommend, every engine names Sungrow every time. Fronius is named first in all 24 of those answers.

7 of 12

On the best home battery, Tesla is named first every time

Tesla leads all 12 answers. Sungrow is missing from Google Search and from 2 of 3 ChatGPT answers. In AI Overviews it comes after Tesla and BYD.

0 of 24

No engine names Sungrow when a family asks what size battery to buy

The answers are general advice. When a brand is named it is Tesla, BYD or Pylontech. This is open ground for the first brand with New Zealand sizing guides.

WARRANTY

9 of 9

AI sends New Zealand warranty claims to Australia

Every AI answer on making a warranty claim in New Zealand points to Sungrow's Australian service team. None gives a New Zealand phone number.

PRODUCT FACTS

2 of 9

Engines contradict each other on whether Sungrow makes solar panels

Two AI answers say yes and seven say no, sometimes from the same engine on the same day. Clear product facts on a New Zealand page give the engines one answer to repeat.

DISTRIBUTOR

8 of 8

Every answer names Rise Energy as the New Zealand distributor

A clear, published New Zealand fact reaches the answers. The same can work for warranty, installers and battery sizing.

WHERE THE AI ANSWERS COME FROM

AI reads a New Zealand comparison site more than it reads Sungrow.

Sources quoted across 161 AI answers. Each answer counts once per source.

solarscout.co.nz	NZ comparison site. Quoted more than any other source	72
Sungrow's own sites	29 of 53 ChatGPT answers, but only 7 of 54 AI Overviews	50
eeca.govt.nz	Government energy advice site	20
youtube.com	Video pages	20
solarquotes.com.au	Australian review site	19
riseenergy.co.nz	New Zealand distributor	19
reddit.com	Owner discussion threads	18

AI answers collected via API, logged out, location Auckland NZ, each question asked 3 times per engine, 14 October 2026. Google Search counts a results page as naming Sungrow when Sungrow appears in it. Perplexity was not available on the run day.

04 · WHERE THE ANSWERS COME FROM

Other people are telling Sungrow's story in New Zealand.

These are the sites that rank on the eight searches, plus “sigenergy nz”. AI engines read the same pages. When they are thin or Australian, so is the answer about Sungrow.

TIMES EACH SOURCE RANKED, ACROSS NINE SEARCHES

solarscout.co.nz	NZ comparison site. Ranks for inverters, batteries, Sigenergy and price	6
ideal.co.nz	Electrical wholesaler with brand pages for Sungrow and Sigenergy	5
mysolarquotes.co.nz	NZ quote site. Wrote the Sungrow three-phase battery article	4
reddit.com	r/solar and r/nzev threads, quoted widely by AI engines	3
Sungrow resellers and distributors	Shop pages that carry the Sungrow name but little buying advice	10
Australian installer and review sites	solarquotes.com.au, productreview.com.au, gienergy.com.au, solarchoice.net.au and others answering NZ questions	14

Google results read via two independent search connectors, location Auckland NZ, logged out, 14 October 2026. Resellers and distributors are grouped as one row, as are Australian installer and review sites.

05 · THE STORY NOBODY IS TELLING

Sungrow powers New Zealand's largest solar farm. Homeowners never hear it.

Tauhei Solar Farm in Waikato runs on 27 Sungrow central inverters. That proof sits in a global newsroom post. No New Zealand page connects it to the inverter or battery a family is choosing.

Tauhei Solar Farm, Waikato

Sungrow New Zealand · NZ support line · NZ email

Certified installers: Auckland, Waikato, Bay of Plenty, Wellington, Canterbury

Mock-up for discussion. Contact details, installer regions and page names are placeholders until Sungrow confirms them.

Today panels: live pages and Google results read 14 Oct 2026, text quoted as shown.

07 · QUESTIONS TO OWN

Advice comes before the brand choice.

New Zealanders ask how big, how long and how safe before they ask which brand. Sungrow has strong answers to all four questions below. None of them sits on a Sungrow page written for New Zealand.

“Is a 10 kWh battery enough to run a house?”
Google People also ask

“Which inverter is best for a coastal home?”
Salt mist is a New Zealand question

“Can I get a battery on three-phase power?”
Sungrow's own edge, told by a quote site

“Is Sungrow a Chinese company?”
Asked on three separate searches

Questions from Google People also ask and related searches, Auckland, 14 Oct 2026. Photograph is illustrative.

08 · WHAT THE WEBSITE TELLS MACHINES

The site is built for Australia. New Zealand is a footnote.

Each site is scored on how easily a machine can reach it, read it, and find who the business is and how to contact it. Sungrow's Australian site scores 65%. Sigenergy's scores 84%.

SITE	SCORE	MAIN GAPS
sungrowpower.com/au/en	65%	No H1 heading. A 9-character meta description. Structured data does not say who the business is. No direct phone or email link.
en.sungrowpower.com	63%	No H1 heading. Structured data does not say who the business is. No direct phone or email link.
service.sungrowpower.com.au	76%	No meta description. Eight H1 headings on one page. A quarter of images described for machines.
sigenergy.com/au	84%	Images carry no descriptions. Everything else machines need is in place.

No site blocks AI crawlers, which is good. None publishes an llms.txt file. Four further findings were checked by hand:

WEBSITE

No /nz route

sungrowpower.com/nz returns 404. New Zealand is served by the Australian regional site, so every page carries Australian context.

WEBSITE

No NZ contact data

The service site lists a North Sydney office, an Australian 1800 number and a +61 line. Machines read that as “no local presence”.

WEBSITE

Installer finder points to distributors

The regional site offers “Find a Distributor”. Sigenergy's regional site offers “Find an Installer”, which is what a homeowner and an AI answer need.

WEBSITE

Warranty pages split across four domains

Google returns warranty pages on service.sungrowpower.com.au, sungrowpower.com (an India path), sungrowpowerservice.com and Australian retailer PDFs.

Scan of each home page, 14 Oct 2026, scoring reachability, structured data, AI files, citable content and contact path. Page speed was not measured this round. Pages fetched live the same day: sungrowpower.com/en, /au/en, /nz; service.sungrowpower.com.au; sigenergy.com/au.

09 · THE PLAN

Five steps to make Sungrow the New Zealand answer

Google foundations first, because AI engines build on them. Every step ties to a finding in this review.

1

Weeks 1 to 4

A New Zealand front door

- NZ hub at sungrowpower.com/nz/en
- NZ contact and warranty page
- Organisation and product data machines can read

2

Weeks 3 to 8

Installers on the map

- NZ installer finder by region
- Help certified installers list Sungrow on their Google profiles
- Installer pages that link back to the hub

3

Weeks 4 to 12

Answers New Zealanders ask for

- Battery sizing, coastal installs, three-phase
- Who Sungrow is and who stands behind it here
- Tauhei Solar Farm as the local proof story

4

Weeks 6 to 16

The sources AI reads

- Accurate Sungrow data on NZ comparison and quote sites
- A New Zealand review source
- Correct the review listing filed under the wrong category

5

Day 90

Measure

- Re-run the same 18 questions, same engines
- Re-check the eight Google searches and Maps
- Report what moved and what did not

Nobody can promise what an AI engine will say. The work makes Sungrow **readable, trustworthy and present** in the sources those engines draw from.

10 · BASELINES

Where we start

MEASURE	TODAY
Buying searches with a Sungrow page in Google's top 10	0 of 3
Brand searches answered by a New Zealand Sungrow page	0 of 5
Google Maps listings for “Sungrow installer”, Auckland	1, not Sungrow-led

11 · WHAT WE NEED FROM SUNGROW

To start in week one

- ✓ A New Zealand contact: phone, email and who answers
- ✓ The list of certified New Zealand installers, with permission to publish it
- ✓ The New Zealand warranty process, start to finish
- ✓ New Zealand case studies, residential and commercial
- ✓ Data sheets and salt-mist and three-phase ratings for the NZ range
- ✓ Access to add a New Zealand section to sungrowpower.com, and Search Console for it

AI answers naming Sungrow on nine buying and advice questions	**50 of 81**
AI answers on battery sizing that name Sungrow	**0 of 24**
AI answers giving a New Zealand warranty contact	**0 of 9**
Sungrow Australia site, machine readability score	**65%**

NEXT STEP

Make Sungrow the name New Zealanders hear first.

The products, the warranty and the local proof already exist. What is missing is a New Zealand front door that Google, Maps and AI can find.

BACK TO THE TOP →

PRIVATE & CONFIDENTIAL. Prepared by Eko Media for Sungrow. Not for publication or onward distribution.

Google results: eight New Zealand buyer searches plus “sigenergy nz”, read via two independent search connectors set to Auckland, New Zealand, logged out, 14 October 2026. Google Maps: local results for “Sungrow installer”, “Sigenergy installer”, “Tesla Powerwall installer” and “solar battery installer”, Auckland, same date. Sungrow and Sigenergy pages fetched live on the same date. Review scores as shown in Google results. Inverter shipment ranking as stated on sungrowpower.com, citing S&P Global, read 14 Oct 2026.

AI answers: 18 questions asked of ChatGPT, Perplexity, Google AI Mode, Google AI Overviews and Google Search, three runs each, logged out, from Auckland, 14 October 2026. AI Overviews are counted only when Google showed one. Perplexity could not be measured on the run day because of a provider outage. “Usually #2 named” is the order in which brands are first mentioned in the answer.

This document covers search and AI visibility only. It makes no claim about product quality or market share. Platform names and marks belong to their owners and identify where each result was observed. Photography is AI-generated and illustrative. Mock-ups are for discussion and use placeholder details.
